

Q: What Moody's Analytics products does Vega Economics use?

Vega Economics uses Moody's Analytics Monthly LBL product for US Non-Agency RMBS.

Q: What asset classes is Vega Economics interested in?

Vega Economics is interested in US Agency RMBS.

Q: What challenges was Vega Economics facing prior to using Moody's Analytics products?

Prior to working with Moody's Analytics, Vega Economics relied on a host of different data sources for their projects. This entailed substantial cost and time "tying-out" data from different sources, verifying its provenance, etc.

Q: How does Vega Economics use Moody's Analytics products within their business?

Vega Economics uses the Moody's Analytics products in support of ongoing projects, as well as for business development (i.e. testing new models/frameworks using the Moody's Analytics pitch prior to pitching clients on projects).

Q: What value has Moody's Analytics provided to Vega Economics?

Moody's Analytics provides Vega Economics with high-quality, trustworthy data crucial to their existing and future business. Working with this data gives Vega Economics confidence in their results and savings in terms of time and overhead.

Find out more information about Moody's Analytics award winning structured finance products and solutions.
