Moody's Analytics Tops Five Categories in CeFPro™ Fintech Leaders Report

NEW YORK, January 28, 2020 – Moody's Analytics, a global provider of financial intelligence, has earned the #1 ranking in five categories in the new Center for Financial Professionals (CeFPro) [Fintech Leaders 2020 report](#):

- Balance Sheet Management
- Credit Risk
- Model Risk
- Regulatory Reporting
- Stress Testing

We are the only firm to rank #1 in five of the report's thirty individual categories. The report also features a "Top 50 Overall Ecosystem Rankings," in which we rank #5.

"We're honored to be recognized in CeFPro's Fintech Leaders report," said Andy Frepp, Executive Director at Moody's Analytics. "We build modular and scalable technology solutions that harness our industry-leading data and analytics, all with the goal of helping customers make better, faster decisions. This strong showing validates our efforts and highlights our extensive capabilities."

"FinTech Leaders places Moody's Analytics in pole position in no less than five categories and this can be considered an endorsement by the industry, with an impressive overall ranking of fifth in the FinTech Leaders Ecosystem," said Andreas Simou, Managing Director, CeFPro. "The votes cast by the industry that resulted in their first-place rankings reflect the breadth of Moody's Analytics offerings."

CeFPro's research and analysis team surveyed finance, technology, operations, risk, legal, and compliance professionals to decide the category rankings. Votes and follow-up interviews by CeFPro's Fintech Leaders Advisory Board (listed in the report) followed, with final review by the Managing Director of CEFPPro. The overall rankings were based on votes cast for individual categories.

Our performance in the CeFPro report follows a banner year for Moody's Analytics technology solutions in 2019. [Six](#) category wins in the 2019 Risk Technology Awards were among more than 50 awards we won last year. View the full list of our [awards and industry accolades](#).
