

## Drive efficient and profitable small business lending

Paperless loan application

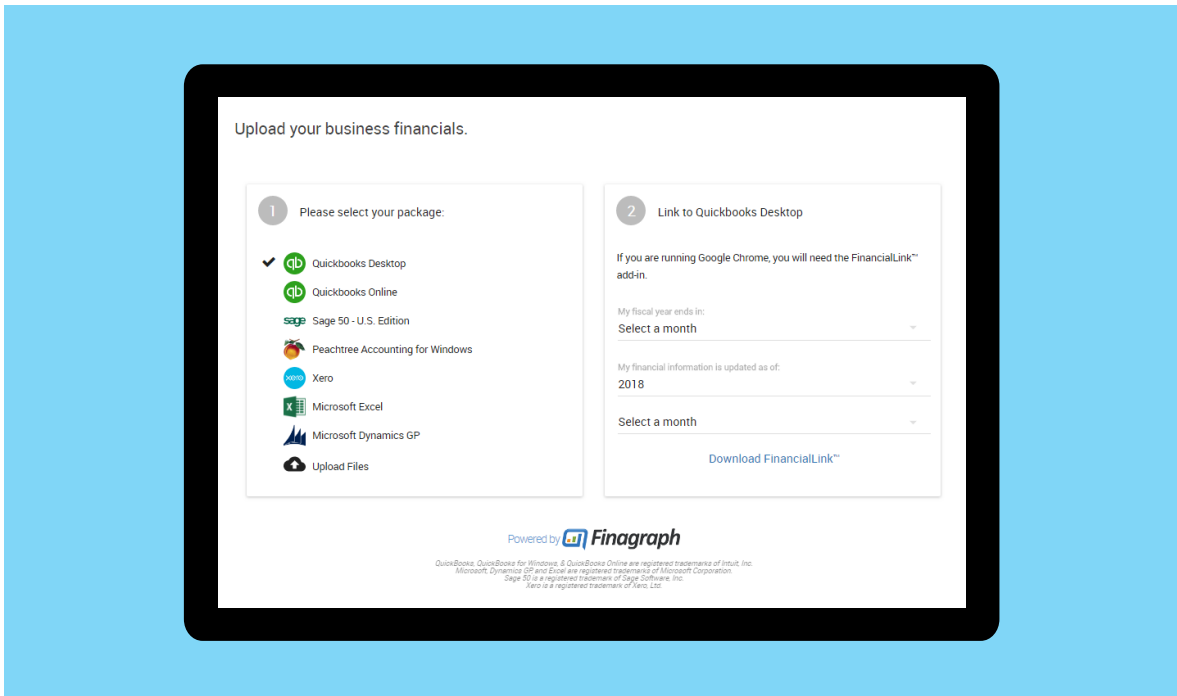

Electronic data and document collection

Instant analysis to streamline loan decisioning

The MARQ portal streamlines business lending by improving the way lenders and their customers interact. It automates manual processes, centralizes loan information, and equips lenders to understand the credit position of their business borrowers instantaneously.

- » Accelerate loan decisioning while providing a great customer experience.
- » Increase efficiency by gathering data digitally with a configurable, intuitive loan application.
- » Use the MARQ score to prioritize prospects with an instant read on credit risk.
- » Automate spreading using turnkey integrations with Moody's Analytics lending and spreading solutions.
- » Focus on higher value activities and reduce errors by eliminating manual processes.

## Manage relationships and monitor existing loans efficiently

- » Get an instant read on changes to your customer's credit risk every time financials are updated.
- » Access powerful customer and pipeline analytics.
- » Provide a centralized, secure view of the lending relationship for both borrowers and lenders.
- » Enhance the customer experience with anytime, anywhere access and greater transparency.

## Make better decisions, faster with the MARQ portal.

**Strengthen your customer relationships** – Provide 24/7 convenience and guide your customers through every step of the process.

**Make more loans** – Eliminate back-and-forth paper shuffling and free yourself to work with your customers.

**Improve your competitiveness and profitability** – Leverage instant scoring and analysis to win more of the right deals and reduce time-to-cash.
