Strengths & Weaknesses

Strengths

- Strong fiscal position from rapidly growing, \$890 billion sovereign wealth fund.
- · Well-educated and productive workforce.
- Strong institutions, abundant social capital and low corruption.

Weaknesses

- · Highly dependent on oil and export industries.
- Generous social benefits disincentivize entrepreneurship.
- Heavily tied to mainland Europe and developing Asia for export markets.

Forecast Risks

SHORT TERM

LONG TERM

Upside

- · Oil prices rebound sooner and more robustly than expected.
- Investment in global equities continue to strengthen the Sovereign Wealth Fund.

Downside

- · Oil prices remain low for longer than expected.
- The euro zone crisis worsens undermining exports.
- Low interest rates spur consumer spending, sending household debt levels even higher.

About Moody's Analytics

Moody's Analytics helps capital markets and credit risk management professionals worldwide respond to an evolving marketplace with confidence. With its team of economists, the company offers unique tools and best practices for measuring and managing risk through expertise and experience in credit analysis, economic research, and financial risk management. By offering leading-edge software and advisory services, as well as the proprietary credit research produced by Moody's Investors Service, Moody's Analytics integrates and customizes its offerings to address specific business challenges.

Concise and timely economic research by Moody's Analytics supports firms and policymakers in strategic planning, product and sales forecasting, credit risk and sensitivity management, and investment research. Our economic research publications provide in-depth analysis of the global economy, including the U.S. and all of its state and metropolitan areas, all European countries and their subnational areas, Asia, and the Americas. We track and forecast economic growth and cover specialized topics such as labor markets, housing, consumer spending and credit, output and income, mortgage activity, demographics, central bank behavior, and prices. We also provide real-time monitoring of macroeconomic indicators and analysis on timely topics such as monetary policy and sovereign risk. Our clients include multinational corporations, governments at all levels, central banks, financial regulators, retailers, mutual funds, financial institutions, utilities, residential and commercial real estate firms, insurance companies, and professional investors.

Moody's Analytics added the economic forecasting firm Economy.com to its portfolio in 2005. This unit is based in West Chester PA, a suburb of Philadelphia, with offices in London, Prague and Sydney. More information is available at www.economy.com.

Moody's Analytics is a subsidiary of Moody's Corporation (NYSE: MCO). Further information is available at www.moodysanalytics.com.
